Superintendent of Schools

July 15, 2019

Dear Snow School Staff and Families,

I hope you are enjoying a wonderful summer with family and friends. As you are aware via a letter sent on Friday, July 12, 2019 by the Snow School Principal Ms. Cannata, effective August 1, 2019 she will become the new principal at Moody School.

During Ms. Cannata's tenure as principal at Snow School, student achievement improved significantly, several social/emotional learning initiatives were introduced successfully, and a school culture that welcomes and engages all families into the education process was established. To her credit, Snow School was identified as *School of Distinction* by the Connecticut State Department of Education during the 2017 – 2018 academic year. We thank her for her dedication and selfless leadership.

Our primary objective for Snow School is to identify leadership and talent that will continue to build on the foundation that Ms. Cannata has established over the past four years, and to ensure a seamless transition and entry for the new principal.

Under the guidelines outlined by the Middletown Board of Education, we will initiate the process to hire a new principal immediately, and we anticipate that a candidate will be identified well in advance of the 2019 – 2020 academic year. Once the process has concluded, I will update you regarding the opportunity to meet and welcome your new instructional leader.

If you have any questions, please do not hesitate to contact me directly at (860) 638-1401, or via email at connerm@mpsct.org.

Thank you for your continued support.

Regards,

Michael T. Conner
